Gentlemen:

I should like ^{to} know how
one can become a member of your
association. If there are any special
requirements, what are they?

I am quite interested in
numismatics and I should like to learn
as much about that science as possible.

I am inclosing stamps for
a reply.

Yours respectfully
John W. Gregor

Dear Sir:

Responding to your letter of the 29th, we are glad to welcome to our roll of Associate Members, anyone who is interested in numismatics, but where an applicant is unknown to us we request that he send us the names of two or more individuals who can tell us something of him. I take pleasure in enclosing an application card. The annual dues, as you will see, are five dollars for Associate Membership.

Very truly yours,

Secretary.
